

Monkey Pod Hawaiian Premium

Our premium Monkeypod is a uniquely beautiful and versatile hardwood sourced from Hawaii. We use Monkey Pod for a few reasons: it's widely available, it's durability and it's beauty is second to none.

It is a fast growing tropical tree that is sourced responsibly. As for sustainability, this species is not in danger of extinction anytime soon and is currently not listed on the IUCN RED LIST of Threatened Species.

Color/ Appearance: Color tends to be golden to dark brown with darker streaks.

Grain: Grain is usually straight but can also be interlocked or wavy.

Mozambique Quarter Figured

Our quarter figured Mozambique is a uniquely beautiful and versatile veneer sourced from Central Africa. We use it for a few reasons: the color combination can't be found in many other species and the mild figure has just a hint of the iridescence that pops when the finish is applied to it.

It is a fast growing tropical tree that is sourced responsibly. As for sustainability, this species is not in danger of extinction anytime soon and is reported by the IUCN RED LIST of Threatened Species as being a species of least concern.

Color/ Appearance: Deep Brown background with a notably dark brown or ebony color streak.

Grain: Grain is usually straight to slightly interlocked

All Premium Veneer Finishes apply ONLY to the TRIAD DESK, TRIAD COFFEE TABLES, and THREE WAY NESTING TABLES

WOOD/FINISH DISCLAIMER - Please keep in mind that our SpecialtyVeneers are made from natural material. No two pieces will be alike. Each piece will be distinctly unique; though the character will vary we aim to emphasize the dramatic qualities revealed in the veneer. The images here represent those qualities and cannot be expected to be matched. That is the beauty of this product.

IMAGE DISCLAIMER - Screen and printed images of colors and finishes vary on screens and printers used to view or print. The images on this page represent the range in our collection but can only approximate the actual finish and its qualities. If needed please request actual samples from your sales representative.

Ash Olive Burl

Our deluxe choice of Ash Olive Burl is highly prized for its turbulent markings and striking color contrasts. It comes from the dark heartwood of several European Ash Trees. We use it for its unique grains and the variety of its one of a kind patterns that can be swirled, twisted or spiraled.

It is a moderately fast growing European tree that is sourced responsibly. As for sustainability, this species is not in danger of extinction anytime soon and is currently not listed on the IUCN RED LIST of Threatened Species.

Color/ Appearance: Ranges from a creamy, or even pale, tan to yellow and brown, with darker brown unique markings, showing high contrast; very decorative.

Grain: Swirly olive brown lines on an ash background, intensely figured with burl clusters.

Walnut Burl

Our premium American Walnut Burl is classically beautiful. The burl comes usually from the root bole of the walnut tree where the large ball often occurs. They are generally sourced from Northern Ca. We use Walnut Burl for its uniqueness: (no two pieces will be alike) it's unique grains and the variety of it's one of a kind patterns that can be swirled, twisted or spiraled.

It is a fast growing tropical tree that is sourced responsibly. As for sustainability, this species is not in danger of extinction anytime soon and is currently not listed on the IUCN RED LIST of Threatened Species.

Color/ Appearance: Rich Brown to Dark Brown

Grain: Unique Marble Grain patterns.
