

Introducing **REGATTA SECTIONAL SEATING**

This collection of curvaceous forms comes together to create infinite configurations. One grand arc along the backs combines with tighter bends to adapt to any type of space.

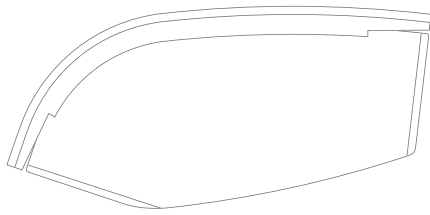

Float them individually or link them together into a flotilla of comfort.

The backs align with an aperture to keep the piece open and dynamic from all perspectives.

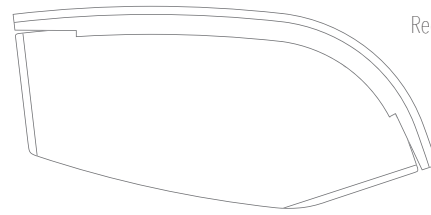

Three pillow sizes are sold separately and are meant to be arranged and rearranged to suit the sitter.

"Isn't she yar!"
