

SKOOP CHAIR WITH SWIVEL

Our Skoop Chair on a Swivel is an homage to Danish modern design and the genius of Arne Jacobson's iconic Egg Chair. The comfy high back cushion to rest your head, the integrated lumbar support for your back and the overall sensuous shape offers you all the ingredients for luxuriating comfort. And... it spins.

The metal base with a layer of wood at the bottom provides stability and warmth. Add the ottoman (with or without a swivel) to relax your fatigued feet.

Skoop is an excellent addition to a living room or media lounge.

DIMENSIONS

Chair: 33"W x 37.5"D x 36"H
COM 7 yards, COL 120 square feet

Ottoman: 25"W x 21"D x 17.5"H
