

CLOUDBOX SEATING—CUMULUS BENCH

Long, low and comfortable: another cloud in the Cumulus Constellation.

The unique random-quilted pattern envelopes the Cumulus Bench. This elongated seating floats low to the ground, held down by the metal runner legs and rests easy at the foot of a bed, in the entry or anywhere one might want to perch on a cloud.

DIMENSIONS

Small Bench: 42"W x 16"D x 16.5"H
